

State Senate Update: 1-12-2010

The legislative session is finally upon us. Tomorrow will mark my second year serving as your District Four State Senator. I am truly grateful for the opportunity you all have bestowed upon me; it is an honor to represent you in the state legislature.

Party leadership has selected me to return all the committees that I was a member of last session. They are Finance, Business Labor and Technology and the ultra important Education Committee. I look forward to returning these seats.

This will be another difficult session as we set out to create jobs and get this economy back on track as well as balancing a growing budget deficit. Times are tough for all these days and it is my hope that the work we do can help get the Colorado economy to be once again effective and efficient. I am dedicated to standing up for our district and fighting against the Democrats push for higher taxes and fees as well as more regulation of businesses. That is not the way a free market society works. It is my belief that we can make a positive difference!

Town Hall Meetings

I love hearing from members of the community so that I can better represent you. Please join me and State House Representative Carole Murray (HD-45) at one of two town hall meeting to provide your input as we frame our legislative agendas and priorities! All thoughts and questions are welcomed!
